CURATOR

ABOUT US

I believe in the power of creativity, whether that means creating content for my company or flexing my muscles in personal creative endeavors. No matter what, I keep my passion for art and creativity at utmost priority. I love curating new things starting from a blank wooden plank or an early-stage mock-up and transforming it into something people truly value. I started learning and exploring more about craft and designing as I grew older. I believe that I am lucky enough to be able to start my own venture of personalized gifts and virtual gifts as well as gift boxes which is incredibly rewarding for my inner self.

A smile after your every purchase is guaranteed. It's not necessary to have that one special person in your life who can gift you. You ask me why so!? Well! Make yourself that special person who will gift, and make you feel special!

I was looking for a customised gift for our client leadership coming from overseas. And when I was looking for options, Craftyzone caught my attention and then I enquired about various gifts that I can fit in my budget. I was very impressed with the way Manasi patiently took care of all my questions and finally I got a sustainable gift to be presented to our client and even they were pleased to receive such a nice gift.
